## **Applications:**

### **Too Good to Go**

Every day, delicious food goes to waste at cafes, restaurants, hotels, shops and manufacturers – just because it hasn't sold in time. The Too Good To Go app lets you buy and collect this food – at a great price – so it gets eaten instead of wasted.

### **Olio**

Join millions of neighbours all over the world who are using OLIO to share more, care more and waste less. Give and get free stuff and borrow and lend household items – all directly from your community.
